- While taking Photo/ Location, kindly '**Allow**' browser to access 'Camera' & 'Location'

**PAUDHAGIRI- I Plant, I Care;** Green Haryana Guidelines for School Students for uploading planted sapling details through mobile phones on [www.greenharyana.org.in](http://www.greenharyana.org.in)

1. Haryana Forest Department has taken an e-initiative to drive the mission of Green Haryana, where government is distributing saplings through schools to students and motivating students to nurture and care the sapling(s). Students will be incentivized by INR 50 every 6 months, for the next upcoming 3 years, for each surviving plant.
2. All District Education Officers/ District Elementary Education Officers have to ensure that all students studying in Class 6<sup>th</sup> to 12<sup>th</sup> (in Government as well as Private Schools), plant a sapling. These saplings are being provided free of cost by the Forest Department.
3. The respective schools have to themselves collect saplings from Forest Department nurseries, for distribution to school students.
4. Each school has to maintain the following database of the seeding/ saplings planted by the students
  - a. Name of Student; Fathers Name; Class; Male/ Female;
  - b. Name of the species planted, name given to sapling and date of planting
5. Student have to plant saplings at a suitable space in his/ her own residential premises and if sufficient space is not available within the house, then sapling is to be planted outside the house, along the boundary wall. If no such space is available, then the sapling is to be planted at nearby suitable place.
6. Schools have to keep students motivated towards caring and upkeep of the sapling planted by them.
7. Each student has to upload the details of each planted sapling on [www.greenharyana.org.in](http://www.greenharyana.org.in) by following the process detailed below:
  - a. **BASIC REQUIREMENT:**
    - i. Android Handset version 4.2.2 and above, iOS WIP
    - ii. Google Chrome browser version 65.0.3325.109 and above
  - b. Open Google Chrome browser > visit [www.greenharyana.org.in](http://www.greenharyana.org.in) > Once portal is open, a pop up will come, Select "Add to home Screen"
  - c. Creation of account using students mobile no. (if available) or through mobile no. of any family member. Any password of minimum 6 characters can be used to create an account.
  - d. Once account is created, click on "**Plant a Tree**"
    - i. **SCHEME:** Select School
    - ii. **STUDENT DETAILS:** Every Student has to fill up complete details; Name, Fathers Name, Male/ Female; District; School Name; email id and then proceed further by clicking "**Next**"
    - iii. **PLANT DETAILS:** On this page, Name of sapling (one can give any name to planted sapling, i.e. in Parents or any relative/ dear name), Select name of species, Procurement from Government Forest Nursery etc. are to be filled.
    - iv. **PLANT LOCATION:** "Browser will ask for allowing **Location** Permission, Click **ALLOW**". Exact geo location (latitude & longitude) of planting site will be reflected automatically. There after Click "**Next**"
    - v. **PLANT PHOTO:** At the exact location, where sapling is being planted/ already planted, the student has to upload photo of planted sapling along with his/her own photo (Selfie). "Browser will ask for allowing **Camera** Permission, Click **ALLOW**". Take your photo and Save it. Click "**Save**"
    - vi. Once photo is uploaded, Save it. The planted sapling location will also be reflected in "Google Map" from our [www.greenharyana.org.in](http://www.greenharyana.org.in) portal.

8. For uploading details of next planted sapling, the student can log in again on [www.greenharyana.org.in](http://www.greenharyana.org.in) using the same mobile no based log in I'd and password and thereafter by following the same process mentioned above.
9. Every Student on clicking at "My Contributions" can view details of planted saplings, location wise, species wise, date, time, species etc. The details of planted all planted saplings can be viewed on Google Map. Plant details can also be shared to social media like Facebook, Twitter, Whatsapp etc.
10. Every Student will have to upload the selfie photo of each planted sapling every six months for next 3 years. (This feature of uploading future photographs is being developed and will be available soon). Based on uploading of photos of survived saplings, schools will transfer incentives to student.
11. For any doubt/ clarification; designated nodal teacher of school can contact DEO's of respective districts and DFO's offices.
